Meet Christos

Christos is the Chief Operating Officer of ACES. Christos works with the management team to design and oversee the company's strategic growth and development plans. He is responsible for the planning and implementation of the company's administration, operations, technology, human resources, and regional management. He also develops and oversees all financial, administrative, regulatory compliance protocols, and processing operations. Under Christos' leadership as Chief Operating Officer, ACES has emerged as one of the most respected title agency operations in New England, NY, and Florida. Christos lives in Cambridge, Massachusetts not far from his hometown of Somerville and speaks fluent Greek.

Outside the Office

If the weather cooperates, you'll find me golfing in the spring, summer and fall. During the winter months, I like to spend my weekends skiing. Otherwise, I enjoy going to the movies, sporting events, and trying new restaurants.

Background

Before joining Ligris, Christos was Regional Vice President at one of the country's largest banks overseeing one of its mortgage divisions on the West Coast and Southwestern territories. As a seasoned and experienced lending manager, Christos has extensive experience in lending workflow production, pipeline management, and oversight of policy and regulatory compliance.

Massachusetts Real Estate Bar Association, Member

Licensed Title Agent, State of New York, Department of Financial Services

Why Christos?

Christos is obsessively detail oriented and a true perfectionist. His disciplined approach to management, systems and policy development has given Ligris and its clients a unique and distinct advantage in an ever-changing regulatory environment. Through continuous

development and implementation of sophisticated systems, protocols and technology, he has positioned the firm as one of the most innovative leaders in transactional real estate processing.
